Peter Hartcher, the author of the book and a reporter with the Sydney Morning Herald notes the magnitude of Australian prosperity, namely that the country surpassed the USA for income per capita indid not register with most Australians. He shows how a convict colony could have become a banana republic but didn't, how Australia came through the global financial crisis - it wasn't just the mining boom - and how we could now throw our success away if we don't recognise our strengths and demand true leadership of our politicians. The prices they get have tripled since the boom began in
