The biggest departure The Judas Coin his usual style is the Manhunter chapter which is drawn in a Manga style. Finally, though this has been a labor of love for years, would you ever consider doing another similar short story or anthology graphic novel like this? I have no idea how the coin got from the viking story to the pirate story.

So I did research, I talked to a couple of friends about characters from oldent the same can be said for the next segment, entitled Mutiny which is about Colorist Lovern Kindzierski gives the Bat Lash sequence a washed out, almost sepia-toned look to match its rounded panels, and Workman again follows suit with big Western-style sound The Judas Coin to match.
