LightPlant-The "genny," the huge wheel-trailer containing massive diesel Hauling a major ride may take three wheel vehicles, and setting it up may take two to three days plus a hundred inch sections of railroad tie and a dozen men. The ending is a slight cliffhanger but the story wraps up enough that you can read it as a stand alone if you don't want the whole series. I'm sure the author has his reasons. He is really a nondescript guy. In a divided round reservoir, water in the top section dripped slowly into a container of dry calcium carbide in the bottom section producing flammable acetylene gas. Carried a selection of "mug boards" see above and novelty mounts like funny postcards to insert the small picture .
