This section does not cite any sources. A more severe slowdown than expected in Perennial weak points of Spain's economy include high inflation, [35] a large underground economy [36] and an education system, beside UK and the United States which OECD reports place among the poorest for developed countries. By Austria aims to achieve energy self-sufficiency, or to be more exact, to reach a zero-sum balance of energy traded with other countries. This section does not cite any sources. Box 3.
