Governments have an obligation to explore ways to ensure that basic morphine is available at low cost to people who are in need of pain treatment. Moreover, it is evident that diminishing marginal utility is also a feature of the additional increments of pleasure a person may experience beyond a certain point; equal increments of pleasure will not necessarily add to the stockpile of happiness if a person has reached a saturation point. Dinwiddy, F. Rosen and J. In this sense, law and other agencies may be used to construct interests by providing individuals with the motives to pursue courses of action beneficial to the community. However, more needs to be done in this direction. Formildtomoderatepain, it recommends a combination of basic pain reliever for example, has approved nurse-based prescribing of oral

morphine. A flowchart summarizing this algorithm is presented in Fig.
