There is a long-held belief among some in the SEO The SEO Myth that Google applies a filter to new websites in order to stop spammy sites from ranking soon after launch. We all know about duplicate content and the long talk over the year, when it has been said that duplicate content will penalize your website. JoinNow. In summary, long-form content can improve your rankings, but here are few tips The SEO Myth keep in mind:. If you got it until here, I must congratulate you and ask you to debunk another SEO myth, and tell the truth, that SEO is not all about rankings, but rather quality, natural language, context and earning links named just a few, because we could keep it like this all night. Here are some key points to keep in mind:.

Just think, major news platforms use hundreds of contributions from freelancers the Next Article. That being the case, Facebook says that buying fake likes, shares will only hurt you; it might get

harder for those who want to advertise.
