Pleasechoosewww.Thecountryyouhavesectedwillresultinthefollowing Within this framework, compulsive womanising, where women were treated as objects of no consequence and the individual achieved a state of triumph and contempt, would at least be seen as more pathological than a loving homosexual relationship. In CAT terms, it becomes a procedure, a way of dealing with the unmet needs or unmanageable feelings of the reciprocal roles. PhantasyinEverydayLife.From a therapeutic point of view, being able to own some of their own vulnerability and ask for more help may be progress.
