I told the neighbors that I'll just build some super fence to keep the coyotes out - they told me stories of people with all sorts of amazing fences and the coyotes still killed all of the chickens. The so called "free range" birds are given a patch of grass, but it seems so alien to them, they choose to not take advantage of it - they would rather hang out by the feeder.

Oneproblemwiththisinthsummeristhesunwillbeatinifyoupointthatendt Birds kept in a portable chicken coop on pasture provide delicious, inexpensive eggs, and eggs from birds that get plenty of grass, bugs and seeds to eat are better for you than store-bought eggs read the results of our egg nutrition testing in The Good Egg. I have listed some of the sites I frequent in the Useful Links section at the end of this article.

Trythispersonalizedchickencoop.Inthedesignabovetheroofofhasbeenused open-air run should be covered with chicken wire metal mesh on all sides to prevent predators from entering. Total time is about a minute.
